Get Connected in 4 Quick Steps

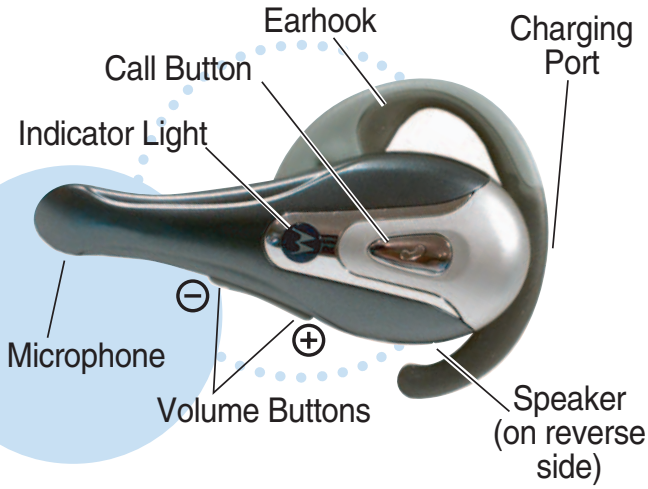
1 - CHARGE
2 - START BLUETOOTH
3 - PAIR
4 - TEST AND USE

For help, contact us at **1- 877-MOTOBLU**
or visit us at **www.hellomoto.com**

BEFORE YOU BEGIN

Before using this product, read the Important Safety and Legal Information pamphlet and follow its instructions.

Take a moment before you get started to familiarize yourself with your new HS815 Headset.



1 CHARGE

Your Headset's Battery

1 Plug the Motorola charger into the end of the headset with the release tab facing down.

The indicator light turns on when the battery is charging. It may take up to 1 minute for the indicator light to turn on. When the headset's battery is fully charged (about 2 hours), the indicator light turns off.

2 Disconnect the charger.

Note: Headset is not functional while charging.

2 START BLUETOOTH FEATURE

Your Phone

Your phone's Bluetooth feature is off by default. To use your headset, turn on the Bluetooth feature in your phone.

For most Motorola phones:

1 Select (**Menu**) > **Settings** > **Connection** > **Bluetooth Link** > **Setup.**

2 Scroll to **Power.**

3 Select **Change.**

4 Scroll to **On.**

5 Press **Select** to turn on the Bluetooth feature. The Bluetooth feature remains on until you turn it off.

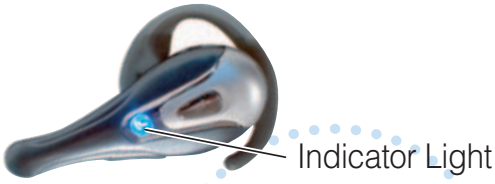
Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

3 PAIR

Your Headset

Before you can use your headset, you must pair (link) it with your phone.

Step A - PUT THE HEADSET IN PAIRING MODE



1 Ensure the headset is turned off (indicator light not blinking).

2 Press and hold the Call button for 4 or 5 seconds. The indicator light will initially flash, but continue to hold down the button until the indicator light is steadily lit.

If the indicator light is flashing or not steadily lit when releasing the button, repeat **both steps 1 and 2** on this page.

3 PAIR *CONTINUED*

Your Phone

Step B - SET YOUR PHONE TO LOOK FOR YOUR HEADSET

For most Motorola phones:

1 On your Motorola phone, press (**Menu**) > **Settings** > **Connection** > **Bluetooth Link** > **Handsfree** > **Look for Devices.**

The phone lists Bluetooth devices it finds.

2 Select **Motorola HS815**.

3 Select **OK** or **Yes** to pair your headset with your phone.

4 Enter the passkey: **0000**

5 Select **OK**.

When your headset successfully pairs with your phone, the indicator light changes from steadily lit to flashing.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

4 TEST AND USE

Your phone and headset are now paired and ready to make and receive calls.
To make a call:

1 Place the headset over your ear.

2 On your phone, dial the number you want to call and press the **SEND** key.

3 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you don't need to repeat these steps. For daily use, ensure that your headset is turned ON and that your phone's Bluetooth feature is ON.

To save battery power, turn OFF the headset when you don't use it for an extended time.

USING YOUR HS815

See **Features and Functions Guide** on the reverse side for information on using your HS815.

TROUBLESHOOTING

My phone doesn't find my headset.
Make sure the indicator light on your headset is on and steady when your phone is searching for devices (see step 3).

My headset worked before but now it's not working.
Make sure your phone is on and the Bluetooth feature is turned on in your phone (see step 2). If the Bluetooth feature was turned off or was turned on only temporarily, you may need to restart the Bluetooth feature (see step 2) and pair your phone and headset again (see step 3).

Features and Functions Guide

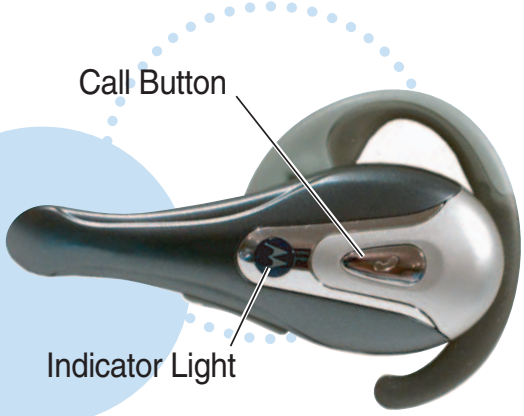
HS815
Bluetooth®
Handsfree Headset

IMPORTANT:
Be sure to first follow the instructions on the reverse side to complete initial setup of your HS815

TURNING ON AND OFF

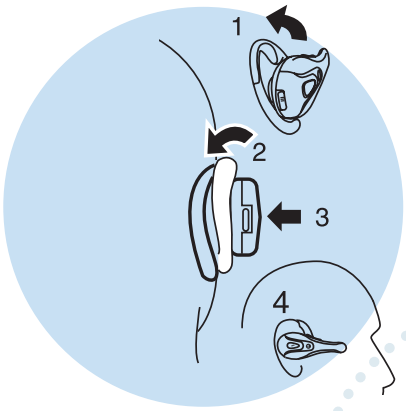
To turn on the headset, press and hold the **Call** button on your headset until the indicator light begins flashing. The indicator light blinks when the power is on.

To turn off the headset, press and hold the **Call** button on your headset for 5 seconds. The indicator light will flash rapidly and then stop flashing.



WEARING THE HEADSET

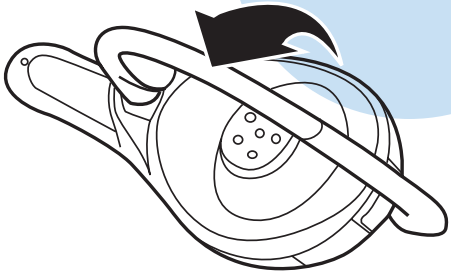
1. Open the earhook.
2. Loop the earhook over your ear.
3. Press the headset to your ear.
4. Point the microphone toward your mouth.



CHANGING FOR USE ON OTHER EAR

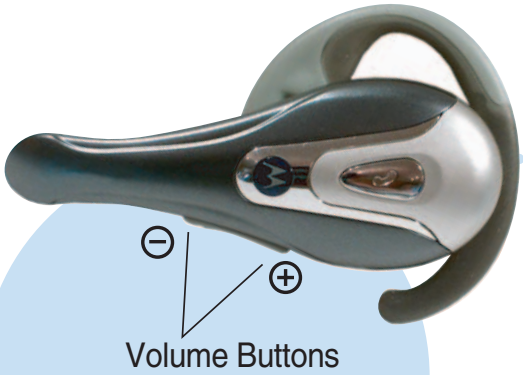
You can wear your HS815 headset on your left or right ear.

To change ear orientation, simply flip the earhook all the way over.



ADJUSTING VOLUME

To adjust the volume on your headset, press the **Volume Up** or **Volume Down** button until you reach the desired volume level.



When increasing (or decreasing) speaker volume, a single audio tone is heard when reaching maximum (or minimum) level.

MAKING CALLS

Function	Action
Make a voice dial call	Tap the Call button and speak the name after the tone
End a call	Tap the Call button
Redial a number	Press and hold the Call button until you hear a beep
Receive a call	Tap the Call button
Reject a call	Press and hold the Call button until you hear a beep

Note: Your HS815 supports both Handsfree and Headset Profiles. Accessing call functions depends upon which profile your phone supports. See your phone's user's guide for more information.

MAKING CALLS *CONTINUED*

Function	Action
Answer a second incoming call	Press and hold the Call button (places first call on hold)
Toggle between two active calls	Press and hold the Call button (places other call on hold)
Put an active call on hold or resume a call	Press and hold the Call button until you hear a beep
Transfer a call from the phone to the headset	Tap the Call button

Note: If the link between the headset and phone abnormally disconnects (for example, out of range), the headset tries to reestablish the link.

INDICATOR LIGHTS

The indicator light provides information about your headset status.

With the Charger Plugged In

Indicator Light	Headset Status
On (steady)	Charging
Off	Charging complete

With No Charger Plugged In

Indicator Light	Headset Status
Off	Power off
On (steady)	Pairing mode
10 rapid flashes	Pairing successful
Slow pulse	Connected (on a call)
Quick flash	Standby (not on call)

Note: After 5 minutes of inactivity, the indicator light stops flashing to conserve power, but the headset remains in standby mode.

AUDIO TONES

The audio tones provide information about your headset status.

Audio Tone	Headset Status
Single high tone when pressing Volume button	Volume minimum or maximum reached
Five rapid high tones repeated every 60 sec.	Low battery
No audio indications; deteriorating audio quality	Out of range
Ring tone	Incoming call
Single high tone	Pairing confirmation or End call
Single low tone	Voice activation
Dual high/low tone	Voice tag not recognized
Low to high tone	Phone network not available
